All flights to/from Toulon-Hyeres (TLN) Airport

Scroll down for more information concerning general conditions of travel and how to read the timetable

++ = limited sale of seats available / partially chartered flight

+++ = fully chartered flight / package deals via Travelagent only

\* = arrival next Day

\* = not operating from 6 july untill 16 august 2009

**All other symbols are explained throughout the Timetable**

On flights with a flighttime above 4 hours water, coffee & tea are provided free of charge.

=====  
**Mjet doesn't take any responsibility for missed connections unless it is due to operational reasons, Airline acounted.**

Transfers at Amsterdam, Stuttgart & other network airports need disembarking between flights, check in at the airport of origin can be done for both flights including through check of bagage on onward Mjet-flights. Mjet does not have any agreement with other Airlines concerning through check of bagage or shared ticketing unless stated otherwise on our website. Any Airline checking through bagage onward on a Mjet-flight is fully responsible for any loss or damage, including compensation payments. Same day return check-in is possible for all flights withing 24 hours ahead.

**Transfers at Amsterdam can result in a missed connecting flight due to the distances at the airport, especially transfers from a schengen to a non schengen-flight or vice versa can take more time then predicted at first. The Airport Authorities can't guarantee that gates are on close by walking distance.**

All flights within Europe & North Africa are mostly flown by Airbus-aircraft, Boeing 767's are used on high density & intercontinental routes. Our Boeing 767's are equiped with TV-screens showing a variety of movies, shows and Travel-information. Further the use of a Laptop or mobile notebook is possible due to power supplies at almost every seatrow. Our Airbus 320's are equiped with a personal video system with pay per view for our Travel-information programme. Payments are only possible by charging your credit card, all major credit card companies are accepted. You buy time to view our Mjet E!-programme, buying extra time is possible by again charging your credit card and follow the steps on your personal video screen.

**A booking made for a transfer is at your own risk, Brussels & Stuttgart are our only designated Hubs at which Mjet provides a Transfer Desk (or General Handling Agent). Transfer check-in for other flights can be done online or at the Gate of the onward flight, if not done at check-in at Airport of origin.**

**Minimum transfer time needed:**

Stuttgart	- 40 minutes
Brussels	- 40 minutes (European flights)
	- 60 minutes (Intercontinental flights)
Amsterdam Schiphol	- 45 minutes (European flights)
	90 minutes (Intercontinental flights)

Above times are published by Airport Authorities

All other Airports in our network are not recognised as Transfer Airports and therefore schedules are not designed to suit a proper transfer to a onward flight, this does sometimes result in more transfertime then comfortable.

Mjet provides a Timetable 2x a year, adjustments can be made without prior notice BUT Mjet intends to contact all affected passengers if changes are drastic, minor flight time adjustments (- 30 minutes) are not recognised as drastic and should be noticed by customers.

**All flights are not operating on 25 December 2009 & 1 January 2010. On December 31<sup>st</sup> & other Holidays flightschedules can also be adjusted in the weeks ahead. Passengers affected will always be notified a.s.a.p.**

**Check the website for cutbacks of our flightschedule regularly, passengers affected will be contacted by the Airline call center.**

Mjet is not a IATA-member wich means that in case of any cancellation or delay no compensation or hotel-overstay will be provided unless told otherwise by EU-law or by the descission of the Management.

**On flights departing between 00:00 & 12:00 we offer breakfast menus & newspapers for sale, between 15:00 & 00:00 we offer dinner menus for sale with flight times exceeding >2 hours.**

**On mid day flights and flights shorter then 2 hours we offer a Snack service wich also consists of sandwiches, sweets & soft drinks.**

**Special Meals are not on offer, Mjet intends to offer a well balanced service wich is suitable for all passengers.**

**Alcoholic beverages can only be sold to passengers older then 18 years, except on flights to/from the USA, passengers need to be 21 or older. Cabin crew may ask for ID.**

**We would like to state that due to limited space on our Airbus-fleet there is always the possibility that food and/or beverages could be sold out. Our aircraft are catered at our bases only, this is due to the short turn around times at destination airports.**

Mjet is not responsible for Gate changes, this is a descission made by Airport Authorities, passengers should be aware of & present at the correct gate at scheduled boarding time.

**Mjet is not responsible for missed connections when using a other Airline as a feeder-service for our onward flight. We don't have any agreement with are Airlines which could make us liable to offer a free rebooking or accomodation.**

Mjet is not responsible for any loss or damage of items taken on board, passengers should always be alert to take their belongings from board after the flight. Loss of luggage or damage for which the Airline is acountable should be noted to our GHA immediately on arrival. When no PIR is made up by our GHA a claim is refused at all times.

**Preffered seating is not offered by Mjet, special requests due to medical reasons can be requested by e-mail and will be handled by our Customer Care Dpt.. We would like to note that a request is not a guerantee, the Airline always keeps control of the seating. Seat requests for extra legroom are not accepted unless accompanied by forms which state that length exceeds 2 meters.**

Due to night curfew at several airports Mjet operates to it could be possible that a flight has to divert, this happens when a flight is (heavily) delayed. In conjunction with the E.U regulations Mjet will provide complimentary bustransport untill the destination airport. We remind you urgently that Mjet does not provide and/or refund any additional costs made by passengers for further transport to their final destination. Flights scheduled to arrive at 06:00 hrs AM local at Stuttgart and 07:00 hrs AM at Rotterdam will not arrive earlier then this time due to the curfew. This can not be accounted as a delay due to the fact that the scheduled flying time is depending on the operational hours of every airport.
